Teacher: Ana Lilia Acosta Patoni

- Anti-democratic practices are those actions that are against democracy as a form of Government since according to the anti democratic violate individual freedom and the reason for people.

Anti Democracy

- The imposition of a political system is when only a few or one can choose who will be the representative of a country.

Imposition

- Anarchy is a peaceful condition in which the state (political government) does not exist and power is largely decentralized.

Anarchies

- This does not mean that there are no laws. Anarchists simply believe in civil law and private law.
- To anarchists, the government should not be able to force us to follow their rules.

- Anarchy is a Greek word that means "no ruler".
- Contrary to popular sentiment, an anarchist is not a person who wants chaos and destruction.

- Anti Democracy is usually defined by government types such as dictatorship which completely removes the whole idea of democracy in the country.
- Dictatorship is characterized by having 1 supreme leader who controls both the economy and politics in the country.

Dictatorship

- Economic inequality is when there is an imbalance in the distribution of goods.
- And the lack of respect for suffrage is when it's not taken into account the vote of all people.

Economic Inequality
